T	Key	Summary	Reporter	P	Status	Resolution	Updated	Description
☒	SCRUM-22	Story 5.1: Manage Loyalty Program Rates	Saikavin S	=	DONE	Done	26/ Aug/26	• As a merchant partner • I want to set and update the conversion rate for my loyalty program • So that customers convert points at accurate, current values • Priority: Medium Story Points: 5
☒	SCRUM-20	Story 4.2: Notify Account Holder of Pending Review	Saikavin S	=	DONE	Done	26/ Aug/26	• As a customer • I want to be notified when my redemption is placed on hold for review • So that I understand why my voucher isn't immediately available • Priority: Medium Story Points: 2
☒	SCRUM-19	Story 4.1: Flag Suspicious Redemption	Saikavin S	^	DONE	Done	26/ Aug/26	• As a fraud monitoring system • I want to flag redemptions above a value threshold or with repeated high-frequency attempts from the same account • So that suspicious activity is caught before credits are finally deducted • Priority: High Story Points: 8
☒	SCRUM-18	Story 3.4: Lock Voucher to Account	Saikavin S	^	DONE	Done	26/ Aug/26	• As a customer • I want my redeemed voucher code to be locked to my account and invalidated after first use or expiry • So that it can't be redeemed elsewhere • Priority: High Story Points: 5
☒	SCRUM-17	Story 3.3: Handle Insufficient Credits (Alternate Flow A)	Saikavin S	=	DONE	Done	26/ Aug/26	• As a customer • I want to be notified when I don't have enough exchange credits and be offered a shortcut to convert more points • So that I can complete my redemption without confusion • Priority: Medium Story Points: 3

T	Key	Summary	Reporter	P	Status	Resolution	Updated	Description
☒	SCRUM-13	Story 2.1: Browse & Filter Gift Card Catalog	Saikavin S	⚖	DONE	Done	26/ Aug/26	• As a customer • I want to browse and filter the gift card catalog by merchant, denomination, and category • So that I can quickly find a card that matches what I want • Priority: Medium Story Points: 3
☒	SCRUM-15	Story 3.2: Generate Secure Voucher Code	Saikavin S	⬆	DONE	Done	26/ Aug/26	• As a customer • I want the system to generate a single-use, cryptographically checksummed voucher code • So that my gift card can't be duplicated or reused by anyone else • Priority: High Story Points: 5
☒	SCRUM-14	Story 3.1: Redeem Gift Card for Voucher	Saikavin S	⬆	DONE	Done	26/ Aug/26	• As a customer • I want to confirm a redemption request for a selected gift card and denomination • So that I can exchange my credits for a usable voucher • Priority: High Story Points: 8
☒	SCRUM-11	Story 1.2: Convert Points to Exchange Credits	Saikavin S	⬆	DONE	Done	26/ Aug/26	• As a customer • I want to convert my aggregated loyalty points into universal exchange credits using the current merchant-specific dynamic conversion rate • So that I can redeem gift cards at a fair, up-to-date value • Priority: High Story Points: 5
☒	SCRUM-10	Story 1.1: Link & Aggregate Merchant Balances	Saikavin S	⬆	DONE	Done	26/ Aug/26	• As a customer • I want to link and aggregate loyalty point balances from multiple registered Merchant Partners into a single dashboard view • So that I can see all my points in one place • Priority: High Story Points: 8
